

**Government of Rajasthan
Revenue (Group-1) Department**

Subject: Regarding submission of API Access Template, whitelisting of server IP addresses and API subscription through SewaDwaar.

All concerned departments are requested to take the following necessary action in respect of APIs provided by the Revenue Department for integration with e-Dharti:-

1. Submit the duly filled-in API Access Request & Onboarding Template to the Revenue Department.
2. Get their staging and production server IP addresses whitelisted for API access, wherever pending.
3. All departments requiring API access from the Revenue Department, whether for existing or new projects, shall subscribe to the required APIs through the SewaDwaar portal only.

The prescribed **API Access Request & Onboarding Template** is also enclosed for necessary action. The Department may submit the duly filled-in form to revenue.itcellg5@rajasthan.gov.in or ds1.rev@rajasthan.gov.in . All concerned departments are requested to complete the above formalities at the earliest.

Encl. :- API Access Request & Onboarding Template.

Sr. No.	Consent Details	Tick Yes /No
1	The API and data accessed thereby shall be used strictly for the stated purpose and project only, and for no other purpose.	
2	Adequate technical and organizational security measures (encryption, access control, audit logging) shall be maintained at our end to protect the confidentiality, integrity, and availability of the data.	
3	Access credentials (API key/token/certificate) shall be kept confidential and not be shared with any unauthorized person or system.	
4	Any change in the whitelisted IP, hosting environment, OIC, or purpose of use shall be promptly communicated to the API-providing department.	
5	In the event of a security breach, data leak, or misuse, the same shall be reported immediately, and the API-providing department reserves the right to suspend/revoke access forthwith.	
6	The procedure defined by the Revenue Department will be followed as prescribed, without any deviation, at all portals where APIs are being used.	

7	Adequate measures to prevent web scraping (such as strong CAPTCHA, OTP, etc.) will be implemented on our end.	
8	This access may be reviewed, audited, or withdrawn at any time at the sole discretion of the API-providing department.	
9	In case of any violation or unauthorized use by a third party from the API consumer department's side, the API consumer department will be solely responsible.	
10	Consent confirming compliance with all the above conditions must be submitted every month.	
11	The data so obtained shall not be shared, sold, sub-licensed, or transferred to any third party, individual, or other department under any circumstances	

Thanking you,

Yours faithfully,

(Signature)
